

## Profile

My name is Andy Davies and I am a Hampshire-based (UK) 3d Artist, specialising in high quality environmental art.

## Professional Experience

**2008 - Present:** Administrator/Instructor - ([www.Eat3d.com](http://www.Eat3d.com))

**-Tutorial And Training Development** - Creating and assisting in the creation of training materials over a wide range of industry-based software.

**-Administrator of Eat3d.com** – Duties include customer support, technical support and critique.

**-Lead member of the Beta team** – Critically assessing products (logging errors, bugs and unnecessary content) before the final media is sent to production.

**-Official Eat3d Challenge Judge** - Judging Eat3d Challenges and providing comments and critique to entrants.

**-Marketing Consultant** – Assessing market value and creditability of proposed products and services.

**-Research and Development** – Including new software appraisal and developing consumer trends.

**-Customer Support** – Dealing with general customer enquiries and ensuring the correct delegation of all said enquiries that relate to refund or purchase matters.
